## **JUSTICE & RECOVERY ADVOCATES**

Justice & Recovery Advocates is a non-profit, that collaborates with statewide organizations driven to provide assistance to children and families who have loved ones incarcerated and are suffering from mental health and substance use disorders as well as providing assistance to currently and formerly incarcerated individuals. We began this journey due to the serious need of support and advocacy for the well being of a population of our community that oftentimes gets overlooked, neglected and stigmatized. We are community members, constituents and family members with many years of personal advocacy both in criminal justice and the mental health and substance abuse fields.

OUR SERVICES
